

Teach your parent..

1. Teach your parent about the signs of Autumn – go on a nature walk and find some Autumn leaves. Can you draw them and colour them in the right colours?
2. Teach your parent how to order numbers [Caterpillar Ordering - An Ordering and Sequencing Game](#)
3. Teach your parent about your family. Can you draw a family picture and label the family members?
4. Teach your parent about Stickman. Can you build your own Stickman using sticks and twigs?
5. Teach your parent about the months of the year. Can you say them all in the right order? Which months are your family's birthdays in?
6. Teach your parent about the 4 seasons. Draw a picture for each season of the things you might see (e.g. in Winter you might draw snow, frost, people in hats and coats).
